

IMMIGRATION SCANDALS EXPOSED

Cong. Michael A. Feighan

Cong. Emanuel Celler

Abba Schwartz

Congressman Michael A. Feighan, Chairman of the House Immigration Sub-Committee, patriot and watchdog for America against undesirable red aliens, hampered by Zionist pressure in his courageous efforts to force investigation of the alleged red shake-down of incoming aliens.

Emanuel Celler, Chairman of the House Judiciary Committee, noted defender of Communist causes and representative of the Invisible Government. Blocked Public Prayer

Bill and opposed legislation urged by ANTI-Communists. Voted every year against funds to continue House Committee on Un-American Activities (except one).

Abba Schwartz, Head of Bureau of Consular Affairs, according to Cong. Feighan, "so evasive and un-cooperative," banned patriots such as Madame Nhu from America, but protected pro-Communist aliens. Considered key figure in Red scandals of Zionist-controlled Immigration Department.

ANTI-McCARRAN BILL HALTED

From Report to America, Nov. 1964, published by American Coalition of Patriotic Societies.

Chairman Michael A. Feighan, Democrat of Ohio, of the House Immigration Subcommittee has asked the Department of Justice to investigate an alleged Communist shake-down of Americans with relatives wishing to leave countries behind the Iron Curtain.

His action came after Rep. Emanuel Celler, Democrat of New York, Chairman of the House Judiciary Committee, attempted to prevent the publication of testimony before Feighan's subcommittee regarding what is reported to be a multi-million-dollar traffic in human lives, said to involve U. S. officials.

Rep. Feighan held executive sessions in Washington after interviewing refugees from Communist satellites. He inserted documents detailing this operation into the official record, and this material was then edited for publication by the Government Printing Office.

At this point Rep. Celler seized the transcript, the official exhibits, and the subcommittee files. Rep. Feighan denounced Celler on the floor of the House, demanding that this material be released for publication. Rep. Celler refused to release the transcript, saying that Secretary of State Dean Rusk had asked that the hearings not be published. But when challenged on this point by Rep. Feighan, Secretary Rusk said he had made no such request, and that it was strictly a committee matter which did not concern him.

Highlights of the testimony Celler tried to suppress include a letter from the State Department's visa office listing five cases of extortion, and the testimony of **Abba P. Schwartz**, Administrator, Bureau of Security and Consular Affairs of the State Dept.

Schwartz testified before Feighan's subcommittee on August 3, 1964. When asked about the alleged extortion of money from American relatives of persons wanting to leave Romania, Schwartz denied any knowledge of such shakedowns. He was, in Feighan's words, "so evasive and un-cooperative" that Feighan put him under oath.

At Feighan's insistence, Schwartz had the State Dept. submit to the subcommittee the letters which his office had received before his appearance before the subcommittee.

"Today I am referring this testimony on the communist shakedown racket operating in the United States to the acting attorney general, and to J. Edgar Hoover, director of the Federal Bureau of Investigation. I have studied the operations of this racket and I am convinced it warrants a thorough

and sweeping investigation by the FBI, looking to action by the Department of Justice to seek federal grand jury indictments for violation of federal laws."

Feighan's subcommittee has been under intense Administration pressure to report out the Kennedy-Hart Bill, HR 7700, which would abolish the national origins quota system and emasculate the McCarran-Walter Act. However, Congress adjourned on Oct. 3rd without taking any action on immigration, leaving the present law intact. Capital observers credit Feighan's timely action with a major share of the credit for stopping the Administration's steamroller.

Write your Senators and Congressmen to vote "NO" on Bill HR 7700 which would abolish the McCarran-Walter Act.

What I Am For . . .

By Tom Anderson

As the perennial pollyanna said to his friend in the prison death house an hour before the execution: "There's always something to be thankful for; just think, you still have your health!"

This is a time for thanksgiving, for faith, for re-dedication. This is a time for resolutions for the coming year.

Helen Keller said: "Most of us take life for granted. Only the deaf appreciate hearing, only the blind realize the manifold blessings that lie in sight. It is the same old story of not being grateful for what we have until we lose it, of not being conscious of health until we are ill."

"But I who am blind can give one hint to those who see, use your eyes as if tomorrow you would be stricken blind. And the same method can be applied to the other senses: hear the music of voices, the song of a bird, the mighty strains of an orchestra, as if you would be stricken deaf tomorrow. Touch each object you want to touch as if tomorrow your tactile sense would fail. Smell the perfume of flowers, taste with relish each morsel, as if tomorrow you could never smell and taste again."

"Make the most of every sense; glory in all the facts of pleasure and beauty which the world reveals. Thus, at last, you will really see, and a new world of beauty will open up before you."

FOR AND AGAINST—

One of my devoted readers has inquired: "Have you decided what all you're going to be against in the coming year?" Much as I hate to disappoint this booster, my New Year's resolutions all relate to things I am for.

I am strongly for a congressional investigation of the State Department—to give the Wielands, Rostows, Rubutoms and the faceless brigade a chance to prove their innocence, stupidity, insanity or treason, as the case may be. I'm for "urban renewal" for every city that wants to pay the cost, most of which should be billed to the people who own the downtown real estate and get most of the benefits. "Save the downtown?" Why? Dispersal of city populations should be the goal for many obvious reasons: economy, health, defense, morality.

I'm for making radio and TV networks that are still fighting Nazism and Fascism give equal time to fighting "The Great Society" and other socialist fronts. For making the display of the hammer and sickle an equal crime with display of swastika. For outlawing the Communist Party and jailing or deporting all known Communists, including those in our State Department.

NATIONAL PURPOSE—

For a "national purpose" diametrically opposed to coexistence with history's most despotic, atheistic mass enslavers. For a "national purpose" dedicated to freeing the half of the world enslaved by the Communists. For the conquered people then holding their own "Nuremberg" trials to convict and hang slaughterers like Khrushchev, Mao, Tito, Brezhnev, Castro. For declaring the mass slaughter of Africans, Cubans, Russians, Hungarians, Chinese, Catholics and Protestants an equal crime with mass slaughter of the Jews.

I'm for restoring the last part of what should again be our "national purpose": "Give me liberty, or give me death." (The American people have shortened that original sentence to just "gimme.")

For the only kind of security there is: that which comes from one's own self and soul. For encouraging individualism, the desire to excel, to win, to profit. For an upward reach for our nation toward more spiritual values and morality, starting at the Presidential level.
